Subject: Anticipated Costs for the Libby Asbestos Site, Operable Unit 4, Community
Relations Support for RI/FS and Remediation Work, Libby, Montana

Dear Mr. Christiansen:

Per discussions with Jeff Montera, we have determined that we can reclassify two of the CDM employees working on this work assignment under the firm's on-site overhead rate. By doing this and considering actual rates for staff assigned, we anticipate saving EPA approximately \$100,000 over the next two years under this task.

It is our understanding that no work plan revision is required at this time. However, if you have any questions or comments regarding this adjustment, please feel free to call me (720-264-1127) or Jeff Montera (720-264-1116).

Very truly yours,

Linda J. Brown, Ph.D.
